5. Reading

When Anna started her new job, she thought she would stay there for only a year. She was going to save some money and then move abroad. However, things changed. By the time she had been working there for three years, she had become a team leader. She realised that she was likely to stay much longer than she had originally planned. She knew that by the end of the following year she would have completed several major projects and would have gained enough experience to apply for a senior position.

Odpowiedz

1. How long did Anna originally plan to stay?

2. What was she going to do afterwards?

3. What had changed after three years?

4. What position had she obtained?

5. What did she expect to have completed by the end of the following year?

6. What does the text show about future forms from a past perspective?

6. Speaking

The future of work

Przedstaw swoją opinię.

Powiedz:
